**Subject:** Inquiry regarding aquifer exemption timelines

Hello Simeon,

I just left a message on your voice mail in reply to your inquiry to our Headquarters office regarding AE timelines. I've attached a presentation on aquifer exemptions and there is a note about timing on page 11, which refers back to the exemption criteria presented on page 8. I left you my telephone number as well so when you get the chance please give me a call and I can provide further information.

Regards,

Michele
